

**Alan Scott BSc MSc CEnv MCIEEM** Alan has a BSc in Zoology, an MSc in Ecology and has been a professional ecologist since the 1980s. He specialises in practical habitat management and management planning for nature reserves and wildlife sites and has worked in the statutory, local authority, voluntary and private sectors. He worked in North Wales, Scotland, Derbyshire and Nottinghamshire before moving to London in 1990. He was the Nature Conservation Officer for Islington Council for five years and then worked for Groundwork Hackney. Since 1997 he has run his own business (Complete Ecology Ltd) which carries out specialist practical nature conservation management on site throughout London. In a voluntary capacity he has been on various London Wildlife Trust committees, was the Chair of the Urban Wildlife Partnership and a Green Flag Award Assessor.
